[19:49] <smackhammer1> he will soon
[19:49] <kaixp> It's not relevant enough to be played by him

[20:10] <solid_fantasy> There are N64 games that look better than this

[20:10] <thatanonyraccoon> @georgetdawson don't take him at face value

[20:10] <paddingtonbear187> @assassinaltair7 480p 60fps would be acceptable compared to this

[20:10] <bobdole332> this chat is a waste of space

[20:11] <hillman811> They're not indie anymore, they've made boat loads of money off this shit, time to make the product look like it.

[20:11] <kingofhypocrisy> then leave

[20:11] <forcexkin> Super mario sunshine next?

[20:11] <solid_fantasy> Graphics don't make a game but this is hideous

[20:12] <xbox1_is_garbage> Dice should make a game like this with the frostbite engine. It would look so damn good.

[20:12] <damntobi> early acces shitty excuse for pc games 8 yrs in the making

[20:12] <solid_fantasy> It's the pop-in that annoys me most

[20:12] <amisbro> alright serious question: What is the actual POINT of this game?

[20:12] <chairmancaleb> @Magicjerryfresh11 Someone said last stream that this game is officially releasing on the 20th, so that's a little....peculiar imo.

[20:12] <bobdole332> no the video where you got called out by phil

[20:12] <emry1> This game looked a lot better on my phone earlier...

[20:13] <blk_mage_ctype> @DarksydePhil This flooded town reminds me of Pittsburgh in The Last of Us, except that game had good graphics whereas this game looks like an early PS3 game.

[20:13] <assassinaltair7> Phil will win again

[20:13] <paddingtonbear187> imagine a walking dead game like this with a single player mode and refinements

[20:13] <bobdole332> i like phil and dont assume shit like who he is dating @KingOfHypocrisy

[20:15] <assassinaltair7> I am a fan of phil but sometimes Iâ€™ll watch TIHYDP for the funny moments instead of going through a series with over 100 episodes

[20:46] <blindkarevik666> or will be releasing soon, haven't played in a bit
[20:46] <asalings96> this game is going to get updates to eventually catch up to PC like minecraft did when it

[20:47] <plagueweilder97> Fortnite looks and runs better than this overrated game

[20:48] <pcgamehunter> Trust me, if he managed to get the game to work, his PC to stream and internet not to die. North Korea will then nuke Seattle OpieOP
[20:48] <fireog420> this game is actually good on PC guys
[20:48] <strangezz> @plagueweilder97 so just because it runs better means itâ€™s a better game?
[20:48] <fireog420> i promise

[20:48] <extracheeez> he'll come from behind
[20:48] <paddingtonbear187> probably ran off
[20:48] <butter__my__bread> they should of made them dance halls then the game wouldn't be derviative dood
[20:48] <paddingtonbear187> had no healing
[20:48] <plagueweilder97> both games all boring imo
[20:48] <rainycityradio> ^

[20:49] <bloodmoonthx> phil what is your most embarrassing moment ever on stream?
[20:49] <paddingtonbear187> @fireog420 yeah man
[20:49] <paddingtonbear187> if there was zombies in this

[20:49] <damntobi> cod ww2 sucks just as much, 2 week unplayable, and still full of shit headquarter, spawn waits

[20:49] <paddingtonbear187> it would be dope

[20:50] <asalings96> i must say the struggle of not having a vehicle sucks

[20:50] <strangezz> thatâ€™s not br then?

[20:50] <paddingtonbear187> u shouldnt be able to jus hide

[20:50] <bloodmoonthx> phil what is your favorite ice cream flavor???

[20:50] <yusuke14k> Play Escape from tarkav

[20:50] <rainycityradio> Maybe they should add zombies to this Kappa

[20:50] <lickthese256> If u push down on the d pad and hold it you can use your Bandages or first aid kit without going to your inventory menu

[20:50] <calo_nord_> you just have to aim Kappa

[20:50] <sekander> ya there should be boars u can shoot, like in warcraft

[20:50] <paddingtonbear187> ah nice shadows

[20:50] <amisbro> watching NASCAR is more interesting and they just turn left for a couple of hours

[20:50] <butter__my__bread> @damntobi i knew it would fizzle fast. the game's dying and once Treyarch's new game gets announced everyone will forget it exists

[20:50] <pcgamehunter> It's part of the gameplay, you're suppose to keep an eye out for the enemy while traversing a huge map, it's the whole appeal of the game

[20:51] <solar_vp> play more aggressive, this game was never designed for xbox lol

[20:51] <strangezz> ^^

[20:51] <paddingtonbear187> i mean its jus as repetitive

[20:51] <gettwobirdsstonedatonce> Hey NASCAR has crashes

[20:51] <butter__my__bread> bowling is better too dood

[20:51] <pcgamehunter> They should instead do like 500 players and spread them around automatically to make it more interesting

[20:51] <h0nneys> @RainyCityRadio Lets dot it, it shall be named "Z-Battlegrounds"

[20:51] <strangezz> This is high risk high reward

[20:51] <blindkarevik666> I prefer it like this, if I just want a survival run I'll drop in the middle of nowhere, if I want a firefight I'll drop at school, military base, or sometimes Pochinki... although bombing runs seem to love Pochinki

[20:51] <rainycityradio> @h0nneys Yeah Keepo

[20:51] <damntobi> @Butter__My__Bread i skipped all the double jump cods, i played the others before, but this one isnt the one thats gonna save em

[20:52] <sekander> headshot incoming :P

[20:52] <paddingtonbear187> @strangezz phil jus got rewarded a dirty white tank top for all his efforts LUL

[20:52] <asalings96> 500 players? what server is gonna handle that?

[20:52] <majinboo3> he needs to stop playing solo and play squad

[20:52] <damntobi> too much attention on HQ and lootboxes

[20:52] <bloodmoonthx> lots of stream snipers on this game watch out

[20:52] <kozatof> @darksydephil try squad mode

[20:52] <amisbro> Well let's look at it from this perspective: At least with that you get some noise and commentary but here there is nothing to really talk about so you legit could fall asleep with the controller in your hand

[20:52] <pcgamehunter> When it's like a 27,000 km2 area 100 people ain't exactly much dspFacepalm

[20:52] <elite878> @majinboo3 definitely, where this game is a lot more fun part of a squad

[20:52] <pcgamehunter> Or whatever they scaled it down to

[20:52] <majinboo3> squad is very fun

[20:52] <qu4ck_> solo more fun anyway tbh

[20:52] <majinboo3> sincew you just troll

[20:52] <shortnosesonlyrescueteens> who says 90 times out of 100

[20:52] <butter__my__bread> unrewarding monotony this game rooREE

[20:52] <this_game_is_garbage> @DarksydePhil is there any music in this game?

[20:52] <paddingtonbear187> isnt pubg on ps4?

[20:52] <majinboo3> Solo is not fun at all just a clusterfuck

[20:53] <rainycityradio> nope

[20:53] <majinboo3> where one nigga wins by camping

[20:53] <rainycityradio> PUBG is Xbox exclusive Kappa

[20:53] <damntobi> carantan double xp, only map, LUL

[20:53] <paddingtonbear187> ohh ok

[20:53] <strangezz> nah

[20:53] <plagueweilder97> to think that this game almost won GOTY on TGA....

[20:53] <thatanonyraccoon> no music

[20:53] <majinboo3> atleast squad you actually need teamwork

[20:53] <enterplayofficial> So a \$250+ headset only works with 1 console? Sorry but that is just stupid...

[20:53] <beatles12335> you dont have to use a mic for it, you could try it

[20:53] <damntobi> its so backwards

[20:53] <strangezz> xbox exclusive?

[20:53] <pcgamehunter> MingLee

[20:53] <paddingtonbear187> i thought it was early release on xbox

[20:53] <strangezz> jk I know lol

[20:53] <calo_nord_> is this on gameboy?

[20:53] <kingofhypocrisy> this would be more interesting on a smaller map

[20:53] <butter__my__bread> so potential trolls aren't a deterrent anymore. that's cool

[20:53] <seckslord> @majinboo3 nigga i just got a chicken dinner from running over the last 3 people

[20:53] <solar_vp> false it was rumored for oit

[20:53] <nickyrickydickyanddawn95> cheer50 are you aware of a potential stalker circulating an alledged photo of you at the mall with your gf??

[20:53] <blindkarevik666> Also, think of it this way too... there's a huge amount of people playing this version who have never played it before so they're playing it safe. It's a lot more hectic on PC since everyone knows the map like the back of their hand.

[20:53] <kinggoken> Lol

[20:53] <gettwobirdsstonedatonce> Oh well, we got Bloodborne, way better LUL

[20:53] <solar_vp> it*

[20:53] <kozatof> @nickyrickydickyanddawn95 thatâ€™s old friend

[20:53] <godmodeenabled> no music, giant empty map, not enough players, shit framerate, bleh

[20:53] <rainycityradio> "gf"

[20:53] <mikej254> you don't need a mic just try it

[20:53] <nickyrickydickyanddawn95> im worried about him

[20:53] <paddingtonbear187> @nickyrickydickyanddawn95 wtf mskkUH

[20:54] <thatanonyraccoon> stalkers, nice

[20:54] <majinboo3> if he lands in pochinki or military base it would be ogre in 1 minute

[21:26] <damntobi> console problems, get highest textures, lowest fps

[21:26] <dudderas13> The game is good

[21:27] <enterplayofficial> Phil seems to be getting demoralized to be honest, he probably would love to play anything else at this point...
